## WORLDS BEST PRIZE-WINNING DAHLIAS

We specialize in dahlias that have a record of winning prizes; that are known to be vigorous, and have been thoroughly tested out in many sections of the United States.

Nearly every one of our dahlias have received a Certificate of Merit, from the Trial Grounds at Storrs, Conn., or East Lansing, Mich. That means a rating of at least 85%.

*"We grow a number of the very best  
And let, who will, raise all the rest."*

### PLANTS

We have found that if plants are started and grown properly, they will produce as good, if not better, results than roots.

All our plants are grown from base cuttings from selected stock, and grown in special containers, which are equivalent to about a four inch flower pot.

We recommend planting out from May 10th to June 15th in this locality.

| Name                               | Description  | Each        |
|------------------------------------|--|-------------|
| <b>Adirondack Sunset</b> (I.D.)    | 1935 "Parkway"—This is one of the greatest dahlias ever introduced, and one of the most spectacular, and it attracts everyone's attention. The color is a vivid scarlet, shading to a bright canary yellow at the base, giving the large blooms the striking sunset colors. The mammoth blooms are held facing sideways on long, stiff stems. The plant averages about six feet in height. This 1935 Honor Roll dahlia won the popular vote at the New York Botanical Gardens. The originator believes it will be grown to the mammoth size of 15 inches. It never fades; it stands the hottest sun. Plants  | \$2.00      |
| <b>Amelia Earhart</b> (S.C.)       | "Cordes"—Bloom 12x6, Bush 4 ft. This gorgeous dahlia was a consistent winner wherever shown, having two American Home Achievement Medals and many other prizes to its credit. Color is apricot buff with salmon tints shading to soft yellow at base of petals. One might picture it as an improved Edna Ferber of larger size, better stems, and with more gold and less rose shading. One of the great prize winners of today.....Plants   | 1.00        |
| <b>America's Sweetheart</b> (I.D.) | 1935 "Nunneville" — An immense variety that is very outstanding among the new introductions. Color is a pure yellow without a particle of shading. Even the outer petals do not fade out like those in most dahlias. Many of the petals are double serated, and curl and twist as the bloom develops. They fold back to the stem, reminding one of a huge chrysanthemum. The flower is held facing the heaven on an absolutely straight, stiff and sturdy stem, the flowers are full and with high centers, and were grown by the originators to more than 12 inches across, in the open field without irrigation or fertilizer, so that when it is grown with fertilizer and water it can be grown to gigantic size. Many who have seen this dahlia say it is the best dahlia to date. Plant averages about five feet, and is a strong, vigorous grower ..... | Plants 4.00 |
| <b>Angela Mia</b> (F.D.)           | "Shattuck"—One of the most popular whites in our garden. It is almost a large ball. The best of stems, and foliage .....   | Plants .50  |
| <b>Beauty Supreme</b> (F.D.)       | —This is a "sport" from Jersey's Beauty, therefore it is like it in every way except the color, which is a beautiful lavender. Another great cut flower .....  | Plants .50  |

### SPECIAL FREE OFFER—READ CAREFULLY

Send us an order amounting to \$5.00 at the regular retail prices and we will include free one plant of Lord of Autumn, or with an order amounting to \$10.00 we will include free one plant of Wenoka.

This offer is good only on orders at retail prices, and collections cannot be included.

- Betty Colter (I.D.) "Redfern"**—Prominent judges have given this 1931 Honor Roll dahlia special favor. The color is a distinct even shade of light salmon red throughout, shading to old rose at base of long rolled petals. Stems and poise superb ..... Plants .40
- Buckeye Bride (F.D.) "Peck"**—This impressive flower was one of the great favorites in our gardens. Color, a distinct even shade of salmon pink. It is early and a continuous bloomer. This is one of the greatest cut flowers. Grows about 5½ feet tall. This dahlia was on the Honor Roll for 5 straight years ..... Root .50
- Buckeye Queen (F.D.) 1935 "Peck"**—This is another of Peck's fine dahlias. The color is a clear mallow pink or lilac. We all need this color in our gardens. A very rugged grower, with large blooms, 10 to 12 inches. Height about 5 feet. Plant 2.00
- Cavalcade (F.D.) "Groll"**—This 1935 dahlia was a great sensation at the Mid-West Dahlia Show in Grand Rapids. It resembles Jersey's Beauty in form, but it is much larger, and has stronger stems. Color deep rose. Height about 5½ feet. Another great cut flower, and a great winner in floral arrangement ..... Plants 1.00
- Charlie Chaplin (I.D.) "Petrie"**—One of the largest dahlias of the year and possessed of much originality. It is a rich golden yellow tinted with tawny orange at the center. Will give any dahlia a run for size and with all its size it is a graceful, beautiful flower. On Honor Roll in 1935. .... Plants 2.00
- Champoege (F.D.)**—Bloom 9x4, Bush 5 ft. The unusual coloring of Champoege makes it an especially attractive flower. It is a waxy canary yellow at the center and shades into a salmon pink, which deepens in cool weather. The backs of the petals are pale yellow. Strong, sturdy stems hold the flowers well above the rough, thick foliage. Blooms are produced early and freely. It is called the "Dahlia Beautiful" ..... Roots .50
- California Idol (I.D.) 1935 "Success,"**—Bloom 14x7, Bush 5 ft. This giant yellow has a coast-to-coast record as a 1934 winner. At the show of the Dahlia Society of California it won the Gold Medal as Best Three-Year-Old Seedling. At Boston it won the Achievement Medal as Best Undisseminated Dahlia. It was one of the outstanding varieties at Storrs last year. It is a fine grower with a deep flower of clear, glistening yellow, a true pastel shade. Here will be a new competitor in the specimen bloom classes. On Honor Roll. Some one has called it a "Yellow Murphy's Masterpiece." It can easily win as largest or best flowers. We do not hesitate to recommend this great prize winner ..... Plants 5.00
- Chautauqua Sunset (F.D.) 1934 "Wallace"**—Bloom 10x5, Bush 3½ ft. Most pleasing in color as it is a wonderful blending of sunset colors gold, shaded old rose and coral. A great exhibition dahlia. Growing habits are excellent with strong, straight stems and dark green foliage. On Honor Roll last year ..... Plants 1.25
- Daddy Kemp (F.D.) 1935 "Kemp"**—Bloom 12x6, Bush 4 ft. This is every inch a man's flower, and one of the most spectacular introduced in recent years. The flowers are of immense size, often 14 inches or over in diameter, and from five to seven inches deep. The color is a rich purplish red. Should be grown to four stems to make these strong enough to hold the flowers. (H.R.) ..... Plants 2.00
- Dorothy Stone (I.D.) Fisher-Masson**—Bloom 9x4, Bush 4 ft. Large brilliant pink flowers, claimed to be brighter and richer in color than Kathleen Norris, and with richer substance, probably will not grow quite so large. It is a real dahlia, with fine stem, healthy habits and sturdy ..... Root .50
- Dwight W. Morrow (I.D.) "Dahlidel"**—Bloom 12x6, Bush 5½ ft. The gigantic red dahlia that was the sensation of the year in our garden. Many blooms 12 inches across and six inches deep on six-foot robust plants. The finest dahlia we have ever seen. It never fades or burns ..... Root .75 Plant .40
- Eagle Rock Fantasy (I.D.) "Success"**—Bloom 11x5, Bush 6 ft. Mallow pink, very largest size, graceful beyond compare, can win as largest, or can win as most perfect, or both. No faults at all. If only the very best are desired, this must be one of them. This dahlia is most outstanding ..... Roots .75
- Elite Glory (F.D.) "Kennedy"**—Bloom 10x4, Bush 4½ ft. A dahlia that has had a long run of popularity and is still good. Color, rich red. Blooms large, of good form and substance and held erect on strong stems ..... Roots .35

- Fordhook Victory (I.D.) "Burpee"**—Bloom 10x5, Bush 3½ ft. Color is a rich shade of tyrian rose. Early and good bloomer .....Roots .35
- Girl of Hillcrest (I.D.) "Scott-Kemp"**—Bloom 10x4, Bush 5 ft. You will derive a great deal of pleasure from growing this excellent variety as it blooms early and continuously. It is suitable for exhibition whether it is the first or last show. Color is apricot buff or cadmium orange. A vigorous grower with stems long and erect. Honor Roll.....Root .75
- Hill's Autumn Girl (F.D.) 1936 "Hill"**—This is the dahlia you have been waiting for, we call this the Autumn shaded Jersey Beauty, stems very long, can be grown to three feet in length easily, plants grow six to seven feet and very sturdy and almost insect proof, flowers of a deep orange buff with a deep bronze center, about the size of a Jersey Beauty. This is a real dahlia just released this season.....Roots 1.00 Plants .50
- Honor Bright (F.D.) "Peck"**—A large, well-formed flower, possessing a self-color of peach red to light jasper red, which toward the end of the season runs to a deep orange. Distinctive foliage with insect-resisting qualities, stems long and strong, an excellent keeper when cut. A great future has been predicted for this variety. New. Honor Roll.....Plants .75
- Hunt's Velvet Wonder (I. D.) 1935 "Hunt-Burnett Bros"**—Bloom 10x6, Bush 5½ ft. This variety was given an American Home Achievement Medal in New York and won in Camden as the best Informal Decorative Seedling, arousing much interest. The attractive broad petaled blooms are huge and have good, full centers and great depth. The flowers of deep rosy magenta blending into a true purple are well proportioned with a large, dark green foliage .....Plants 3.00
- Jane Cowl (I.D.) "Downs"**—Bloom 10x6, Bush 5½ ft. Immense blooms, deep and full of glistening bronze buff. The stems are long and stiff and straight; and they hold the flower just as it should be held—looking at you and slightly up. The bush is fairly tall, with vigorous, thick, dark green foliage. No Dahlia has given more universal satisfaction than Jane Cowl, and no other has won so many prizes since it was introduced in 1928 .....Root .25
- Jean Trimbee (S.C.) "Trimbee"**—Bloom 10x5, Bush 5 ft. Massive yet artistic with long, revolute petals that curl and twist. The color is a beautiful petunia violet making it popular as an exhibition dahlia. A tall, vigorous grower with long, erect stems .....Roots .75
- Jersey's Beauty (F.D.) "Waite 86"**—Bloom 6x4, Bush 6½ ft. Probably the most popular of any dahlia, especially as a cut flower. The ideal pink for exhibition or florist use. Large, deep flowers of perfect form on long stems. Free, early bloomer, with exceptional keeping qualities .....Roots .25
- Josephine G. "Grosscross 85"**—Bloom 8x4, Bush 4½ ft. One of the most charming of the recent introductions. Color is a very pleasing true rose pink of a bright shade, some petals tipped yellow. It makes a wonderful, sturdy bush, with flowers held well above the dense foliage. It is a prolific bloomer, and yet the flowers are of exhibition quality at the same time. It is a Semi-Cactus early and Informal Decorative at the end of the season. A. D. S. Cert.....Roots .50
- John B. Phinisey (F.D.) "Hill" 1936**—A new creation that will be universally grown. Flowers are large, of a beautiful shade of rosy purple magenta, stems are of the best, holding the flowers well above the foliage, a very sturdy grower and insect proof. We have been growing this for several years and have a good supply so are able to release this wonderful dahlia at a price you can afford to pay. Roots 1.00 Plants .50

- Karl Bonawitz (S.C.) "Dahliadel 86"**—Bloom 8x5, Bush 5½ ft. The ability of this dahlia to withstand varied climatic conditions throughout the country has won it many friends and, in nearly all cases, it has gone far beyond expectations. The brilliant, velvety carmine flowers are artistic and graceful in form. Although dark in color for a commercial cut flower, it is a wonderful keeper and arranges well with lighter dahlias. It comes the nearest to developing a perfect bush without topping or disbudding of any dahlia we know.....Roots .75
- Kathleen Norris (I. D.) "F. & M. 87"**—Bloom 10x5, Bush 5½ ft. This outstanding exhibition dahlia is a true rose pink, deepening to mallow pink, with young central petals a lighter shade. Petals are broad and overlap each other. Blooms are held erect on long, strong stems. You will find this dahlia, is still a great prize winner.....Roots .50
- Lord of Autumn (I.D.) "Almy"**—Bush 4½ ft. Mr. J. A. Kemp quotes as follows: "This is the most sensational dahlia we have ever grown, regardless of color, and is by far the greatest yellow dahlia we have ever seen. The color is a deep golden yellow, which is sustained until the last petal has withered. The flowers grow to an enormous size, and without forcing we had blooms the past season that measured over 13 inches across and nearly 9 inches in depth on long stiff stems, that held the flowers high above the foliage. The formation is wonderful, as the long pointed and slightly twisting petals recurve until the stem is hidden from view for 6 or 8 inches. The plant is a strong, vigorous grower and very prolific of blooms." In fact I think, with strict disbudding, disbranching and forcing, it can be grown to the mammoth size of 16 inches or more. This dahlia is the *giant of giants*. It never fades or burns. Truly it is the greatest exhibition dahlia ever introduced.....Plants 1.90
- Margaret W. Wilson**—A magnificent dahlia in every respect. Wonderful bloomer, huge blossoms of creamy-white, shaded pink. We grow large quantities of this very fine dahlia.....Roots 25c each; three for .50
- Marshall's Pink (F.D.)**—Bloom 8x4, Bush 5 ft. An exquisitely beautiful shrimp pink Dahlia, especially fine for cutting; stems at least three feet long.....Plants .40
- Mary Baker (I.D.) "Wickersham" 1932**—A gorgeous golden yellow of beautiful formation. The flower is star shaped and of good size. The stem is all that can be desired. This was one of the fine yellows in my garden last season and always good.....Root .50
- Miss Belgium (I.C.)**—Bloom 4½x2½, Bush 4½ ft. This is one of the most attractive cactus dahlias that has come from Europe. Every one is delighted with it. The color is orange. The stems are very long and stiff. It was one of the high lights of the Mid-West Show at Grand Rapids.....Plant .50
- Monmouth Champion (I.D.) "Kemp"**—Bloom 12x5, Bush 3½ ft. The color of this marvelous dahlia is a bright xanthine orange, the blooms which are of very large size, over 12 inches in width, are borne in great profusion on cane stiff stems, well above the foliage, of an ideal growing plant that no insects will go near and one that seems to be immune from disease. The plant is a strong, vigorous grower with wide spreading habits and is always covered with blooms. A wonderful keeper when cut. What a prize winner!.....Root .50
- Monmouth Queen (F.D.) "Kemp"**—Bush 6 ft. This fine light yellow made good all over the country the past season, and those who had it in their collection, report it as being greatly admired by the many visitors at their gardens. The color effect of this dahlia is most pleasing, it being a piric yellow in the center of the flower, with graduation of light primrose to creamy yellow rear petals. Flowers are full centered and are held facing front, and are 10-12 inches in width by 4-5 inches in depth. Stems are long and stiff, holding the flowers high out of the foliage. Plant a robust grower, and good root maker. Not subject to insect attacks.....Plant 1.25

## CUT FLOWERS

There are many dahlias that are excellent for cutting. The following is a list of the very best ones: Buckeye Bride, Jersey's Beauty, Jane Cowl, Marshall's Pink, Beauty Supreme, Angela Mia, Cavalcade, Miss Belgium, Paul Pfitzer, Fairy and Baby Royal.

The cut flowers, that we sell each year, from our dahlia gardens, more than pay our running expenses.

- Mrs. George Le Boutelier (I.D.)** "Smith-Ruschmohr"—Bush 4 ft. A giant flower and, in our opinion, an improvement on Murphy's Masterpiece, and a very striking and showy plant in the garden. Color deep crimson red, the blooms are exceptionally large and are held erect on long, stiff, almost leafless stems, high and above the foliage of the strong, self-branching and wide-spreading plant with heavy, disease-resisting foliage. Watch for this dahlia at the shows this coming season. Very much admired at the N. Y. Botanical Gardens, where it was grown the past season, and received many votes in the popularity contest. On Hart Honor Roll. Plants 2.00
- Murphy's Masterpiece (I.D.)** "Murphy" 1932 — This giant red dahlia could have been very appropriately named SEEK NO FURTHER, for when it comes to winning in the largest bloom class, it is the recognized leader. It is quite safe to say, it was the largest winner in this class of any dahlia exhibited in the 1933 eastern show. If you expect to carry off the blue ribbon in the largest bloom class you have simply got to have Murphy's Masterpiece to do the trick. The flowers can be grown up to 14 inches and over in size, and it grows large without much encouragement. The color is dark red, shading toward garnet, and it will withstand much sun heat without fading or burning. The plant is a strong grower, and is a generous producer of large, perfectly gorgeous exhibition blooms, that are held high above the top leaves on rigid stems that never go saxophone shape. The greatest red dahlia to date, and the greatest prize winner of all the dahlias of its color ..... Plants .90
- Myra Howard (I.D.)** "Glutzbach Dahliadel" 1932—The color is a glowing combination of saffron, yellow with tints of salmon, the entire effect being ochraceous orange. Winner of American Home Achievement Medal at New York ..... Roots 1.00 Plants .50
- Old Hickory (F.D.)** 85 "Dahliadel"—Bloom 7x5, Bush 3½ ft. The dahlia that is easy to grow. A rough-and-ready, rugged plant, semi-dwarf with each branch bearing a large bloom which is almost a ball with centers always full. Stems are ideal for basket arrangement, and the blooms are wonderful keepers. Color, madder red with apricot suffusions. It stands more hardships than any other dahlia ..... Roots .50
- Oriental Glory (I.D.)** "Swartz"—Blooms 10x5, Bush 5 ft. There are so many dahlias following the same color tone that it is an innovation when one appears with a shading that is just a little different than the other. Such a dahlia is Oriental Glory. The flowers are brilliant, dazzling balls of deep orange; and how we need this color on the exhibition table. Fine, robust grower with excellent stems. On the Honor Roll ..... Plants .75
- Palo Alto (S.C.)** "Ballay"—Bloom 10x6, Bush 5½ ft. A real giant, the color of which is clear, bright salmon shading towards gold at the center. Stems tall and straight. Flowers are of good substance with uniform, full centres. Well recommended as a winner. Certified at Storrs ..... Plants .75
- Paul Pfitzer (Cactus)** "Berger" 1934—A German novelty that won a name for itself in the New York Show. It is a pleasing combination of primrose and shell pink. Strong, vigorous plants with dark foliage and excellent stems. On Honor Roll. Splendid cut flower ..... Plants .50

## 12 LARGE TYPE DAHLIAS 12

(Roots)

During the handling of our roots, there are always some that the labels become lost. Every year, some of our most expensive, and best ones get into this collection. Now if you are not particular, this collection without labels, will be just what you would like.

## SPECIAL NOTICE

Never before, in the history of the American Dahlia Society, was the National Dahlia Show held WEST of New York City.

But it has been officially decided to hold this great show, early in September of 1936, in the City of DETROIT. Now let EVERY one of us make this the GREATEST DAHLIA SHOW, ever held, both in display and attendance.

The only real Dahlia Magazine is the one published by Mr. D. O. Eldredge, 170 Talmadge St., Madison, Wisconsin. I think you will agree with me, that it is worth twice what you pay for it. Send \$1.00 for a year's subscription.

- Prince of Persia (I.D.)** "Newson" 1932—Bloom 11x5, Bush 5½ ft. A very striking bright red exhibition dahlia of the most iridescent rich-glowing crimson. The petals are of great depth and substance, making an unusually deep, attractive flower. Bush is vigorous, robust and very tall. This dahlia attracted more visitors' attention than any other in my garden in 1933. (H. R.) ..... Roots .50
- President F. D. Roosevelt (I.D.)** "Shattuck"—A massive new dahlia which we would describe as orange scarlet with lighter reverse. Heavy insect-resisting foliage, wonderfully strong stems. Good root maker and a husky grower. Reminds one of the old variety Jersey's Beacon, though in our opinion much superior ..... Plants .50
- Robert Emmett (I.D.)** "Moroney-Dahliadel" — Bloom 10x6, Bush 5 ft. Winner of a Certificate of Merit at Storrs and on the 1932 Honor Roll. It is a deep, high flower of fine form and large size. In color it is midway between carmine and cardinal, making a wonderfully rich red. Sturdy growing plants with splendid foliage ..... Plants 1.25
- Ruby Taylor (I.D.)** "Garrity-Success"—Bloom 8x4, Bush 5 ft. A clear self color of carmine and one of the best all round large dahlias introduced in 1933. It has a perfect habit of growth and a high degree of vigor ..... Plants .75
- Satan, S. C.** "Ballay-Success"—Bloom 10x5, Bush 6 ft. One of the largest dahlias grown, and a consistent prize winner at the shows. Color, a bright flaming red with slight touch of gold at center. Horn-like petals which are perfectly rolled and incurved give unique form to the giant blooms. Highly recommended for exhibition. Honor Roll. One of the most popular dahlias today. Scored 87 at Storrs ..... Roots .75
- Sonny Boy (I.D.)** "Nuneviller"—Bush 4½ ft. A monster old rose slightly striped and tinged old gold dahlia that made an excellent record the past year, winning at all the major shows where exhibited. It grows 11 inches across and 8 inches deep and sometimes larger in the open field without fertilizer or irrigation. It is a hardy variety, insect resisting and makes a good bush of medium height; is a very prolific bloomer; flower stems good ..... Plants 1.00
- Thomas Edison (F.D.)** "Dahliadel"—Bloom 9x4, Bush 4 ft. Royal purple with a sheen of velvet. One of the best in this color ..... Roots .50
- Wenoka (F.D.)** "Hulin" 1935—Bloom 10x5, Bush 5½ ft. This is the flower that caused such a sensation at East Lansing trial grounds, where it scored 88. It was on two Honor Rolls. The color is of rosy mauve and deep magenta, on extra long stiff stems, extending away above the foliage. Sold in 1935 for \$20 per root. A wonderful dahlia, with a great future ..... Plants 3.00

## A WORD ABOUT THE BIRD'S HOME

If you are a lover of the wild birds, which nearly every gardener is, you certainly should see the most unique and attractive bird houses that Mr. C. J. Myers, of 77 Arthur Street, Battle Creek, Michigan, is building.

I have in my dahlia gardens, a handsome martin house, which is an exact replica of a modern bungalow. Everyone asks me "where did you ever get it." Write him for pictures and information.

By the way, Mr. Myers, is the secretary of our Dahlia Club.

**White Wonder** (I.D.) "Black-Kemp"—Bloom 11x6, Bush 5½ ft. Pure white. A monster. Probably the finest white dahlia ever produced, cleaning up the shows from coast to coast. Honor Roll. At the Mid-West Show in Grand Rapids, White Wonder won as the *largest and most perfect* bloom in the show ----- Roots 1.00

### MINIATURE DAHLIAS

**Fairy "Bond"** 1934—Miniature For. Dec. This dainty little dahlia is best described as a miniature Jersey's Beauty, it having the same lovely shade of pink with a slight suffusion of mauve towards the tips of the petals. Perfect decorative 2½ to 3 inches in diameter, with perfect stems, and are produced in great profusion on plants about 3 feet high. It is one of the very best keepers when cut, and we believe it is one of the best miniature for florists' use, ever introduced. A dainty little dahlia that will become as popular and be as extensively grown as the famous Jersey's Beauty ----- Roots .50

**Baby Royal, S. C.**—A new Gold Medal miniature from England and one of the most outstanding prize winners so far introduced in this class, always winning the blue-ribbon wherever exhibited. It is a beautiful little flower of salmon-pink and apricot with gold shading. Stems are long and wiry and blooms are of most graceful formation as florets are rolled and incurved. A fine commercial cut-flower variety due to its free blooming and long keeping qualities, and always in demand by florists. We could not begin to supply the demand from the local cut-flower trade for cut blooms of this variety the past season. This little flower stole the whole dahlia show last fall ----- Plants 50c each; 3 for 1.00
